# Dedication

No teacher in recent years endeared himself so much in so short a time to Cordell school students as J. M. Welch. His untimely death came at the very peak of his many successful years as a school superintendent. Even though he had served only three and one-half years as superintendent of schools in Cordell he had established an enviable record. The fruits of his enthusiastic labor, we believe, will live on for many years.

In recognition of his tireless efforts for the Cordell schools, and his unwavering devotion to the students, this volume of the 1954 Blue Devil is affectionately dedicated to the late J. M. Welch.

As you go through the pages of this book we hope it will recall many pleasant memories and maybe a few funny ones. We have done our utmost to make this the best annual ever published here, and hope you'll think we have succeeded.

We wish to extend our appreciation to all who have in any way helped to compile this book.
